Welcome, Stitcher!

Thank you for downloading this pattern from Sewcly. This festive sampler gathers all the joys of Christmas into one cozy patchwork: a happy snowman family among snowy pines, a robin on a holly branch, a white snowflake, Santa's sleigh, a snowy log cabin, a sparkling tree with gifts, knitted stockings, little mittens and a bright red poinsettia, all framed by a red and green checkered border. Stitch it panel by panel and enjoy it as a cherished heirloom every holiday season.

How to Read This Chart

- Each square on the chart equals one full cross stitch. The symbol tells you which DMC color to use (see the Floss List).
- Bold grid lines mark every 10 stitches, and numbers along the edges help you keep count.
- The red arrows on the edges point to the center of the design. Start stitching from the center to keep the design straight.
- The chart is split across 9 pages (pages 4–12): three pages across and three pages down. Use the row and column numbers to line up each page.
- Empty squares at the outer edge are unstitched fabric.

Stitching Tips & Notes

Make This Pattern Easier

- Stitch the golden frame lines first. They divide the sampler into panels and help you keep your place.
- Work one panel at a time, so the project feels like a series of mini designs.
- Count the checkered border carefully. It looks best when every red and green block is even.
- Sort the greens: 699, 909, 3818, 906, 935, 500 and 703 are close shades. Label every bobbin with its symbol.
- Fill the pale background (DMC 819) last, once all the motifs are in place.
- Use a scroll frame. Nearly full-coverage designs stay flatter and more even on a frame.
- Grid your fabric every 10 stitches with a water-soluble pen, and mark finished areas on a printed copy.

Thread Shopping List

One skein of each color is enough, except: DMC 819 – 5 skeins, DMC 321 – 3 skeins, DMC 699 – 2 skeins, DMC 725 – 2 skeins. Buy an extra skein of any color if you stitch loosely.

Finishing Your Sampler

Hand wash the finished piece in cool water with mild soap, roll it in a clean towel (don't wring it), then press it face down on a fluffy towel with a low-heat iron. Frame it with a 12 × 16 in frame or a slightly larger mat, or stitch a single panel as an ornament or card.
